This guide will develop readers' ability to solve problems and gain insight into how much mathematics shapes the world around them.

Math Guide Apr 22 2020 This book navigates students through important Algebra I and II contents and clarifies commonly misunderstood mathematical language and topics. Through careful selection of example problems, this guide helps students identify common mistakes and gives them the confidence to transition smoothly from middle school to high school math. Written by a student, for students, the book will engage and make this subject more enjoyable. 'Bravo to Joshua Lee for creating a well-thought out, easy to follow, and engaging book!' - Ms. Wendy Mao, Actuary Joshua provides well-written explanations to what he sees as important topics in Algebra I and Algebra II. He writes and talks to his peers at a personal level, and provides detailed explanations of his understanding of the various topics, adding his personal anecdotes and humour in topics when necessary. A practical book indeed for middle and high school students! Great job!' - Dr. Wey H. Leong, Professor of Mechanical Engineering, Ryerson University 'Josh, this book takes a humorous, yet detailed look at some of the topics that are basic to mathematics. It is easy to read and follow, and it would be wonderful if every student could read your story. I love the way you have

personalized your journey of learning and shared it with your readers. A must read for anyone who makes mistakes in math!' - Mrs. Elizabeth Vincent, Mathematics Teacher, Liberty High School 'Mr. Lee's endeavor brings a sui generis perspective to mathematics education. Mr. Lee offers a tome written by a student for a student which is an important and utile frame from which to understand middle to high school level mathematics. This perspective offers student advice from a peer, which can be of greater value than 'expert' advice. I applaud his effort and his success in writing a meaningful and understandable work for his peers. - Dr. Padraig M. McLoughlin, Professor of Mathematics, Kutztown University
