These books are not made of scanned copies and hence the text is clear and readable. “This is the story of a long and brilliant career in American education... [Johnson] writes with humor, modesty, and what seems to be total recall, a fascinating report of a useful life.” — Bruce Bliven, *The New York Times* “Alvin Johnson has written a first-rate life history, but by that fact he has also written a good deal more. For he has told his life in a way that shows how it holds in microcosm all the dominant themes of our American history and society... [Johnson] must have been a bewildering paradox for his more solemn academic colleagues — a Nebraska farmer who knew the dead languages and most of the European living ones, an economist who knew literature and anthropology and the ‘new’ psychology, an original thinker who was at ease in the columns of the *New Republic*, an irreverent man who refused to follow the latest revolutionary dogmas but was merciless in knocking the sawdust out of the stuffy orthodoxies... [Johnson] can believe in other men because he has a quiet fortress of strength in himself. Lytton Strachey remarked that it is harder to write a good life than to lead one. Alvin Johnson has done both.” — Max Lerner, *The American Scholar* “This autobiography is remarkable for the long and fruitful span of life which it records, for the rich and varied contents, and for the humor which the author plays upon every chapter... every chapter bears witness to the honesty of the author’s statement: ‘Never in all my life have I given a hoot for personal security.’” — George M. Stephenson, *The American Historical Review* “This American success story is refreshingly different from the usual rags-to-riches one. Alvin Johnson is the best kind of man that America produces, and his autobiography, both in the writing and the story that is told, is one of the best books of the year.” — *The Providence Journal* “It is necessary for any thoughtful American to take *Pioneer’s Progress* in hand. You can pick it up, lay it down, come back to it at

any odd moment, even on the subway, with pleasure and profit. It is as various in content as a good meal.” — Dorothy Canfield Fisher “What you will remember is the Nebraska boy applying his farmbred wisdom and his father’s courage to all the questions that fate tossed his way.” — New York Herald Tribune “Alvin Johnson’s biography ought to be required reading, both here and abroad, for anyone who wants to understand American government, and the American spirit.” — Adolf A. Berle, Jr. “A fine and mellow autobiography by the father of adult education in this country... His book is alive with anecdotes on everything from life on a remote Nebraska farm to pioneering in the field of the social sciences... Education’s man of action, in a self-portrait which is permeated with a homespun charm and humor and invigorated by the character of the man and his impressive influence.” — Kirkus Reviews “This book relates the interesting life story of a great American liberal and intellectual leader... The reader of Pioneer’s Progress is constantly amazed at the versatility of a man who is able to cram so many good works into one lifetime. Yet, his book is written with such simplicity, modesty, and self-deprecating humor that one cannot help but like as well as admire him.” — L. S. Curtis, Journal of Negro History “[A] lively story which the more-or-less-retired president of the New School has written about his activities up to now... a man’s record of his own life... Among the causes which this man helped turn into movements were land reclamation, rescue of scholars from destruction (by Hitler, Mussolini, and the Communists), peace, and racial justice. But adult education is his great consuming passion. Of this the New School for Social Research, whose founding president he was, is living testimony... To Alvin Johnson, all causes — racial justice, peace, better farming and better health, what have you — are one with adult education. One learns by reading, by observing, by arguing, by acting, by interacting with other people... And perhaps this is the important thing about the man; he would not be confined... And it is in the story of the New School that we learn what the man Johnson really is... This man is strictly a public entrepreneur.” — Everett C. Hughes, Commentary Magazine “Despite the sophistication of the higher reaches of learning and academic endeavor that form a large part of Johnson’s story, he never completely leaves the soil, or the West. The Nebraska beginnings so charmingly chronicled in the early part of the book seem tied intimately to later chapters that related his adventures in land reclamation and his theories on sugar beets, Danish farmers, even Montana Indian reservations. All these

serve to demonstrate convincingly that the western roots of Alvin Johnson grew deep indeed.” — Carl Ubbelohde, *Montana: The Magazine of Western History* “All through his long years of active life Alvin Johnson has fought against bigotry and pettiness of spirit. He is always the free spirit who puts reasoned enlightenment and imaginative and creative thinking against academic stuffiness and oppressive intolerance. But he is never satisfied with mere verbal expression; he always seeks to concretize his reactions into living institutions. His autobiography is, therefore, not only a moving and inspiring story of his own spiritual development but also a chronicle of American cultural institutions during the past 50 years.” — Koppel S. Pinson, *Jewish Social Studies* “One’s first response to Dr. Johnson’s autobiography is of pride: that so useful, so various, and, what one ventures to call so American a life should belong to us... this autobiography, with its spontaneous combination of concepts and concerns, offers most interesting materials for the student of our national development in modern times.” — Louis Filler, *The Mississippi Valley Historical Review*

Armchair Fiction presents extra large editions of classic mystery-crime double novels. "Frenzy" is our first grisly tale of murder and mayhem, by James O. Causey. Shannon. She was a slut with a body like flame-hell's own angel. For her I had traded my last hope of heaven-an honest buck. She was everything a man wanted-and shouldn't have. Maybe that's why I wanted her. But Shannon was Murdoch's girl and Murdoch owned the town. I'd have to get the town away from Murdoch first. Because that's the kind Shannon was-strictly a top-man operator. The odds were against me. But I was halfway to the top now. And there was no turning back. Shannon was waiting for me up there. So was Murdoch. FRENZY-a fast-paced, brutal suspense thriller in the best hardboiled tradition of money, murder, tough men, and sleazy women. This double novel's second tale is "In this Corner-Death" by Emile C. Tepperman. It was a good deed turned into a nightmare. What would you do if you were driving along a New York City street and suddenly the car ahead of you slowed down and a machine gun pointed out the passenger window at someone strolling down the sidewalk? Well, that's exactly what happened to attorney Tom Atherton, who did what he thought was the right thing and slammed the side of his vehicle into the car ahead, just in time to divert the killer's shots and save the man's life. Unfortunately, for Atherton, both the would-be killers and the man he saved came looking for him-and so did the cops! And before long Tom Atherton found himself caught up in a twisted

web of criminal intrigue in which not only was he wanted for murders he hadn't committed, but the pawn of Pro-Nazi gangsters whose plans included the use of Atherton's skills as an attorney for nefarious purposes, all coerced by the threat of death against Atherton's beautiful fiancée. Needless to say, for Tom Atherton it was shaping up to be a hell of a day; NWO Editions has the goal of making available to readers the classic books that have been out of print for decades. After the brutal death of his surrogate father at the hands of a bitter rival, Travon Brown is caught in a twisted web and he doesn't know where to turn. Tugging at Travon's coattails is his newly discovered found fatherhood, thanks to a one-night stand at a bachelor party a year ago. In addition to fathering a love child that he has yet to meet, Travon has to decide if he's going to end a taboo affair or rekindle a relationship with the mother of his child. *Twisted* picks up where *The Twist* left off with the gritty story of a man who must decide if he will resist the temptation of the streets, or give in to the bitter taste of sweet revenge. The Fooks family emigrated from England to Virginia about 1660. Earlier data on family was printed in 1928 under the title *Fowke (Fooks) Family*. *Frenzy*, first published in 1960, is a classic noir novel centered on Norm Sands, a small-time grifter (con-artist) beset by bad breaks and hard times. Returning to his hometown in southern California, Sands looks to make his big score, no matter what the cost to friends and family. Author James Causey (1924-2003) wrote a number of short stories for magazines such as *Weird Tales*, *Detective Story Magazine*, and *Galaxy Science Fiction*, and three crime novels. The narrator is a self-described two-bit grifter, a small-timer who screws up every time he gets close to the big time. After his most recent beating, he goes back to his hometown and sees the opportunity to make his

big score at last. He's willing to do whatever it takes to get to the top. He'll lie to anyone, use anyone, cheat anyone. Old friends? Screw 'em. Family members? Screw 'em. When you think he's gone about as low as possible, he sinks lower. And finally ... well, that's what you'll have to find out for yourself. The ending packs quite a noir punch. "Anecdotes, tidbits and documents to provide insight into the lives of members of the Peterson, Freeland, Gardner, Snider, Hurt and many other families of Tennessee, Kentucky, Virginia and North Carolina in the 18th, 19th and 20th centuries. Also, data on the Arnold family of Texas, the Ochs family of Tennessee and New York, the Wilder family of Vermont, the Barr family of Pennsylvania, and many others."--Back cover. Vol. 1 : Colonial families to the Revolutionary War period.-- Vol. 2 : Revolutionary War families to the mid-1800s. -- Vol. 3 : Descendants of Virginia, North Carolina, and South Carolina families. If man's next big step is to live and work in space, then what will everyone do out there that is so different from what we are now doing here on Earth? As the future of space comes into focus it is clear that profit and power are the core elements of the new space economy. This entertaining and informative book looks at human settlement in space as a mainstream business opportunity for investors, entrepreneurs and far-sighted individuals seeking to secure their place in the innovative commercial space sector. Dr. Jack Gregg presents a unique 5-phase development roadmap that shows how space will grow from a frontier economy to a mature integrated market. Written in simple, non-technical language, this book answers such questions as: • What is the new industrial space economy? • What are the challenges and roadblocks on the way to a robust space economy? • How will the rapid

growth of the new space economy impact commerce back on Earth? • How can one best invest in profitable space-related enterprises? The Cosmos Economy is for readers who hope to be better equipped and more informed about the new space economy; and Investors, entrepreneurs, and futurists who want to learn how to take part in the business opportunities of the new high frontier of commercial space. The ABA Journal serves the legal profession. Qualified recipients are lawyers and judges, law students, law librarians and associate members of the American Bar Association. All our desires come from within; everyone is born a blank tape with the will to live. Day to day, our knowledge increases to the point of independence. Always Remember yesterday is gone, tomorrow isn't promised, so we must do whatever it takes to make ourselves happy. Use your imagination to visualize what you desire. The universe, with all our good intentions, will do the rest. Using this affirmation, James F. Causey composed a two-part series. Causation First Chronicles of James starts with fourteen multi-genre short stories full of thought, challenging elements, and adventure. James takes his readers on an invoking journey experiencing the life of complex characters and their relationships, tackling the essential issues faced in our times. Intriguing from the first story's theory about earth's history. He continues to entertain with stories of suspense, fantasy, sci-fi fantasy where scientists are challenging our way of life, and ordinary people are just trying to survive. Not overlooking the most powerful emotion of humanity, James ends his book with the power of the human spirit to thrive amid adversity guided by the spirit to transcend because of love. All things have a cause. How we deal with it... is the true meaning of enlightenment... James The Anthology of Sci-Fi V15 is a collection of eight Sci-fi stories from some of the best writers of the past century. Included are: McIlvaine's Star by August William Derleth, Teething Ring by James Causey, No Shield from the Dead by Gordon R. Dickson, Exploiter's End by James Causey, The Mating of the Moons by Kenneth O'Hara, A Traveler in Time by August William Derleth, Felony by James Causey, Competition by James Causey. Armchair Fiction presents extra large editions of classic mystery-crime double novels. The first novel is "The Baby Doll Murders" by James O. Causey. "Hello, Darling," Holly said. He looked at her, feeling the storm grow inside him. She moved to him, kissed him. He tried to tell her to stop but her hands were sliding inside his shirt with the old warm urgency. His fingers fumbled blindly with the zipper at the back of her dress. "Oh, good," she breathed. She stood up and her

shoulders shook as the pink evening dress whispered to the floor. "Count to fifty..." Her misty eyes held desire. "...then come in." She went into the bathroom. In a moment he heard the hiss of the shower. He needed time to think, but there was no time. The need for Holly was a consuming flame. He fumbled for a cigarette. The pack was empty. Holly's handbag lay on the floor. He rummaged through it and found two cigarettes: two large brownish cylinders wrapped in tissue--two tickets to cloud seven. The sound of the shower was a mounting scream. "Cliff," Holly called from the bathroom, "come in and scrub my back..."

The second novel is a true classic of nail-biting suspense, "Death Hitches a Ride" by another well-known mystery writer, Martin L. Weiss. Alvin Hopkins rode with death in more ways than one. As a narcotics agent in New Orleans, he'd just barely escaped being murdered. His superiors assigned him to sunny California, so Alvin kissed his dancer girlfriend goodbye, though he soon found that he hadn't seen the last of that lovely lady. But trouble started to crowd in when Alvin gave a lift to a couple of headstrong young chaps. They turned out to have a private mission of their own and it had nothing to do with getting to California safely--or even alive! "Death Hitches a Ride" is one of the tensest and most gripping suspense novels you are ever likely to read. This hard-boiled classic is a nightmare ride on a fast highway to Hell! Travon Brown lives the life most 28-year-olds can only dream. He's charismatic, established in his career and popular with the ladies. At a bachelor party for his frat brother, Travon meets Angel, a curvaceous dancer who appears to be a novice in the hardcore world of seduction. When the two talk about their lives, they realize that they have a lot more in common than just physical attraction. They share an explosive moment that leaves them both wanting more. But when Travon gets into a scuffle with Angel's boss, it sets off a chain reaction that leads to an all-out war between two headstrong strip club owners. It isn't until later that Travon realizes the consequences of his one-night stand. Will the war between the others extinguish their chances, or will the heat of their affair be enough to rekindle the fire?

Former Wisconsin governor Philip F. La Follette forged a political path characterized by his progressive, innovative vision. Growing up in the shadow of revered senator "Fighting Bob" La Follette made for a politically charged childhood and laid the groundwork for Phil's emergence as a powerful figure in Wisconsin politics. A gregarious and fiery politician, Phil's efforts led to the passage of the country's first unemployment compensation act, aid programs for workers and farmers, and the reorganization of state government. This approachable, comprehensive book traces La Follette's journey through public office as well as his life after the waning of the Progressive era. Phil La Follette's is a history of continuing progressivism, of innovative solutions to social problems, and of loyalty to a political ethos that goes far beyond love of country. Kasparek's treatment of this Fighting Son is a monument not only to La Follette but to progressive politics in Wisconsin.
