Mining is a capital-intensive industry, and involves long lead times to develop projects that demand a structured approach, from mine exploration to exit. This book provides mine developers, investors, owners, shareholders, and mineral policymakers a comprehensive game plan to raise capital for the development of new mining projects or to bolster operational mines. The author, an experienced mining capital consultant, shows how mine developers and mine owners can secure capital in any phase of the commodity price cycle, at any site, and at any project stage. The book follows a proven and structured approach that enables mine developers and owners to successfully raise capital for their projects. With the aid of case studies and practical methods, the reader will learn the essentials on topics ranging from developing and marketing a business case for investment, to the types and sources of mining capital for different project stages, as well as the structure and significance of due diligence. The author presents actual mining projects and their funding plans, transaction structures and term sheets for capital. The mining projects discussed represent various project stages, commodities, and parts of the globe, offering a comprehensive reference guide for mine developers, investors and promoters alike. This book attempts to do something not done before in Texas: bring together a summary of law, procedure, and forms to aid litigation counsel handling cases involving departing employees. Subjects include non-competition covenants, trade secrets, confidentiality agreements, and injunction practice. The ebook includes links to legal forms related to the topics covered in the books. The forms are for legal practitioners only. A year-by-year history of America's most thrilling performance cars, from the '49 Oldsmobile 88 to the present. Easy picture-and-caption format, featuring nearly 1,500 photos, most in full color. Handy timeline with an overview of each period's highlights. Original brochure and advertising artwork. "Each car is featured in large, exceptionally fine photos, which show off the lines and details of these

fabulous fantasy vehicles, both inside and out.” —Classic American Every year, the legendary Hot Wheels toy company holds its “Garage of Legends” contest, in which fans around America compete to have their unique concept car be the next added to the collection. The contest winners and other unique full-size scale models tour Walmart stores around the country; over 110,000 people attended 2019’s events. This book collects never-before-seen images and descriptions of these one-of-a-kind cars and the people who design them. The cars featured include: 2001 Twin Mill 2003 Deora II 1968 Beach Bomb 1966 Pontiac GTO 1971 Chevrolet El Camino 2014 Star Wars Darth Vader Car 2005 Ford Sema Mustang GT And more! A bold, fast-paced history of America’s most-beloved fun car, from the prototypes that led to the original 1965 Mustang to the behind-the-scenes story of the all-new 2005 model. The original Pony car takes center stage in this handy, fact filled reference. More than 200 vibrant color photos of the early 1964s to the new generation 2005s give collectors a fun and informative quick-reference guide. Whether at the convention or in the garage, Mustang enthusiasts can easily refer to this portable resource for the inspiration and details they need. This easy-to-follow guide includes performance data, historical details and available options for Boss, Shelby, Cobra, Saleen and more. This unequalled reference is a must-have for any Mustang enthusiast and collector. This user-friendly guide gives you the knowledge to keep your interior looking like new. You’ll learn how to get professional results from kits you can install in your own garage. Automotive upholstery is easy if you know the secrets of how to do professional quality work at home. There is no need to sew or buy an expensive industrial sewing machine because skilled technicians do the sewing for you. Upholstery kits and do-it-yourself products are available for a wide variety of cars and trucks. By doing the installation work yourself, you save money and have the satisfaction of learning a new skill. Detailed sections include: · Painting Interior Parts · Headliner Replacement · Carpet Kits · Door Panels · Dashboard Restoration · Seat Kit Installation · Kick Panels · Trunk Detailing · Steering Wheel Repairs and Swaps · Custom Seat Installation · Using Dyes · Simple Upholstery Repairs · Cleaning and Detailing Tips A union list of serials commencing publication after Dec. 31, 1949. The photos in this edition are black and white. Before the introduction of the 05+ models, 1994-'04 Mustangs represented a high-water mark for late- model Mustang enthusiasts. From the '94-'95s with the 5.0L, through the '96-'04 models with the 2- and 4-valve 4.6Ls, to the Bullitt, Mach 1, and factory supercharged '03-'04 Cobras - never before has such a range of highly modifiable performance cars been available. These Mustangs were great performers straight from the factory, but they can be even better with the right combination of performance parts. Regardless of which '94-'04 Mustang you start with, the availability of high- performance parts is impressive. You can build your Mustang for drag racing, road racing, or improved street performance - and High- Performance Mustang Builder's Guide 1994-2004 will show you how! Author Sean Hyland uses over 300 photos to explain how to upgrade your Mustang's engine, suspension, chassis, transmission, rear end, brakes, and body. There's even a special chapter on getting active in various forms of organized racing. Do you want to regain control of money, have visibility on your spending, or simply want to learn how to save? CleanWealth Guide provides answers. This Guide empowers you, boosts your confidence in making money decisions, and helps clarify your relationship to money on a deep mindset level. CleanWealth Guide is a step-by-step, non-technical blueprint to help you design your financial life. Most financial literacy programs and personal finance books fail to describe how to change unwanted money habits and how to update finance tools and terms made popular in the 1990s. As we enter the 3rd decade of the 21st Century, finance is rapidly being reengineered and blockchain, cryptocurrencies and digital tokens are commonplace. Headlong we are being propelled into a cashless society. Are you ready? Habits of the rich and successful are explained. A growth mindset is explored and how to modify the mental paradigm that determines your money

behaviors. Access to simple exercises, case studies and templates are provided to learn about cashflows, balance sheet, budgeting and risk exposures. Also, references to ancient scriptures give guidance on charitable giving, wealth distribution and leaving a positive legacy. CleanWealth Guide helps you can discover a pathway to permanent happiness. Clear insights are offered into 8 Universal laws of success and principles for Exceptional Living. As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 2011-2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an exposé of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers can't beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches. Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever. A comprehensive guide to empirically supported approaches for child protection cases The Wiley Handbook of What Works in Child Maltreatment offers clinicians, psychologists, psychiatrists and other professionals an evidence-based approach to best professional practice when working in the area of child protection proceedings and the provision of assessment and intervention services in order to maximize the well-being of young people. It brings together a wealth of knowledge from expert researchers and practitioners, who provide a comprehensive overview of contemporary work informing theory, assessment, service provision, rehabilitation and therapeutic interventions for children and families undergoing care proceedings. Coverage includes theoretical perspectives, insights on the prevalence and effects of child neglect and abuse, assessment, children's services, and interventions with children, victims and families. How to Hot Rod Small-Block Mopar Engines is a completely revised, updated edition of Larry Shepard's classic, first published in 1989. Inside you'll find the latest, updated information to help modify your small-block A series Mopar for high performance, street, circle track, or drag racing. Also included are updated parts information and techniques for: - Block, cranks, pistons and rods - Cylinder heads - Camshafts and valvetrain - Blueprinting techniques - Step-by-step engine assembly guide - Oil, cooling, ignition and induction systems - Engine swapping guide - Engine installation and break-in tips - Casting numbers and torque specs New part numbers, photos, parts combinations and illustrations highlight this classic handbook on how to build the ultimate small-block Mopar engine. The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics. The 2005

Mustang, to be released by Ford forty years after the original Mustang, will be both a departure and a return to tradition, as Ford steps away from the aging Fox chassis for its flagship car, yet brings back styling cues from the most popular Mustangs of the past. Ford found inspiration for the new Mustang from its 1967 Fastback model. The 2005 retro-look pony car will include a 4.6-liter, V-8 engine with 300 horsepower — the highest horsepower of any previously built Mustang. This book traces the new Mustang's evolution from the drawing board to the production line to the street. A photographic celebration of the new car, this book delivers the inside story behind the rejuvenation of one of the most storied cars in automotive history. The world's most popular book of the mighty American cars of the 1960s and 70s is back and better than ever. Updated with more specs, more information and more color than ever before.

& break; & break; This edition showcases more than 300 of Detroit's tire-twisting cars from Ford, Chevy, Dodge, AMC, Pontiac, Oldsmobile and more. Listings include a historical background, original factory specifications, available options, original pricing information and an updated price guide, with current values in sex condition grades. & break; & break; In this book, readers will find every type of high performance model from early full-size favorites like the 1961 Chevrolet Impala SS to muscle car heyday favorites like the 1968 Shelby Mustang GT 500KR. & break; & break; Muscle cars of the 1970s, 80s, 90s and the toughest cars of the 2000s are also featured in brilliant full color! & break; & break; Features more than 300 muscle cars, including some of the latest releases on the market & break; & break; Manufacturers include American Motors, Chrysler, Ford, General Motors, and Studebaker & break; & break; Updated with new, full-color photos More than two decades since the debut of that first Mustang GT, 5-liter Mustangs are still a benchmark of affordable performance. In fact, these cars are so popular for modification that they inspired one of the largest performance aftermarket industries tailored to a single car. Today, both enthusiast following and aftermarket support are stronger than ever. The 5-liter Mustang can be improved in many ways-in looks, performance, and handling-through maintenance and modification. Mustang 5.0 Performance Projects provides all enthusiasts and followers of third and fourth generation 5-liter ponies with a selection of more than 35 projects they can tackle to improve their Mustangs, ranging from the easy to the complex. This book provides the most direct, Mustang-specific how-to instruction offered anywhere. Each project includes helpful color photography and estimates the time commitment, necessary skill level, and cost of each project, so you know what you're getting into before you start. Mustang 5.0 Performance Projects also includes an extensive listing of Mustang resources and a comprehensive tool guide. It's everything you need to get the most out of your favorite 5-liter Mustang. "The automotive maven and former Member of Parliament might be the most trusted man in Canada, an inverse relationship to the people he writes about." – The Globe and Mail

Lemon-Aid shows car and truck buyers how to pick the cheapest and most reliable vehicles from the past 30 years of auto production. This brand-new edition of the bestselling guide contains updated information on secret service bulletins that can save you money. Phil describes sales and service scams, lists which vehicles are factory goofs, and sets out the prices you should pay. As Canada's automotive "Dr. Phil" for over 40 years, Edmonston pulls no punches. His Lemon-Aid is more potent and provocative than ever. Is your church prepared to respond if natural disaster or human tragedy strikes your community? Jamie Aten and David Boan, codirectors of the Humanitarian Disaster Institute, provide this practical guide for disaster preparedness, filled with resources for emergency planning and crisis management plus best practices for local congregations. Having this book in your pocket is just like having a real marquee expert by your side. Benefit from the author's years of Mustang ownership, learn how to spot a bad car quickly, and how to assess a promising car like a professional. Get the right car at the right price! For more than 38 years, millions of consumers have turned to Edmunds' buyer's guides for their

shopping needs. This format makes it easy for consumers to get the advice and information they need to purchase their next new vehicle. Readers benefit from features such as: - Comprehensive vehicle reviews - Easy-to-use charts that rate competitive vehicles in popular market segments - Expanded in-depth advice on buying and leasing - Editors' and consumers' ratings - High-quality photography - Editors' Most Wanted picks in 29 vehicle categories In addition to these features, vehicle shoppers can benefit from the best that they've come to expect from the Edmunds name: - In-depth articles on all-new vehicles - Crash test ratings from the National Highway Traffic Safety Administration and the Insurance Institute for Highway Safety - Warranty information - Previews of future vehicles not yet for sale
