## **Rise and Fall of the Carbon Civilisation** Dec 22

2021 A vast amount has been written on climate change and what should be our response. Rise and Fall of the Carbon Civilisation suggests that most of this literature takes a far too optimistic position regarding the potential for conventional mitigation solutions to achieve the deep cuts in greenhouse gases necessary in the limited time frame we have available. In addition, global environmental problems, as exemplified by climate change, and global resource problems - such as fossil fuel depletion or fresh water scarcity - have largely been seen as separate issues. Further, proposals for solution of these problems often focus at the national level, when the problems are global. The authors argue that the various challenges the planet faces are both serious and interconnected. Rise and Fall of the Carbon Civilisation takes a global perspective in its treatment of various solutions: • renewable energy; • nuclear energy; • energy efficiency; • carbon sequestration; and • geo-engineering. It also addresses the possibility that realistic solutions cannot be achieved until the fundamentally ethical question of global equity - both across nations today and also inter-generational - is fully addressed. Such an approach will also involve reorienting the global economy away from an emphasis on growth and toward the direct satisfaction of basic human needs for all the Earth's people. Rise and Fall of the Carbon Civilisation is aimed at the many members of the public with an awareness of climate change, but who wish to find out more about how we need to respond to the challenge. It will also be of interest to

technical professionals, as well as postgraduate students and researchers, from the environmental and engineering science sectors.

*Buck Up: The Real Bloke's Guide to Getting Healthy and Living Longer* May 27 2022 All Black legend Buck Shelford was the epitome of brute strength, determination and athletic prowess. It was a shock to New Zealand sports fans, then, when he was diagnosed with lymphatic cancer in 2005, which he subsequently overcame with treatment. More recently, after a public battle with his weight, Buck successfully shed over 25 kilos. Accessible and user-friendly, Buck Up draws on Buck's personal experience with health issues, but goes far beyond -- along with highly regarded sports scientist Dr Grant Schofield, Buck offers a wide array of information and realistic tips to improve the quality of life for Kiwi males and their loved ones. A book full of big ideas and practical advice, as well as a good

dose of blokey humour, Buck Up promises to positively alter awareness of and approaches to men's health, for both everyday males and practitioners.

Der lange Weg zur Freiheit Jan 29 2020 »Ich bin einer von ungezählten Millionen, die durch Nelson Mandelas Leben inspiriert wurden.« Barack Obama Eine fast drei Jahrzehnte währende Gefängnishaft ließ Nelson Mandela zum Mythos der schwarzen Befreiungsbewegung werden. Kaum ein anderer Politiker unserer Zeit symbolisiert heute in solchem Maße die Friedenshoffnungen der Menschheit und den Gedanken der Aussöhnung aller Rassen wie der ehemalige südafrikanische Präsident und Friedensnobelpreisträger. Auch nach seinem Tod finden seine ungebrochene Charakterstärke und Menschenfreundlichkeit die Bewunderung aller friedenswilligen Menschen auf der Welt. Mandelas Lebensgeschichte ist über die politische Bedeutung hinaus ein spannend zu lesendes, kenntnis- und faktenreiches Dokument menschlicher Entwicklung unter Bedingungen und Fährnissen, vor denen die meisten Menschen innerlich wie äußerlich kapituliert haben dürften.

**Wife in the North** Aug 30 2022 How far would you go to be the perfect mother? The hilarious *Wife in the North* by Judith O'Reilly, based on her enormously popular blog, recounts one woman's attempt to move her family and her life from cosmopolitan London to rural Northumberland. Maybe hormones ate her brain. How else did Judith's husband persuade her to give up her career and move from her beloved London to Northumberland with two toddlers in tow? Pregnant with number 3 Judith is about to discover that there are one or two things about life in the country that no one told her about: that she'd be making friends with people who believed in the four horsemen of the apocalypse; that running out of petrol could be a near death experience and that the closest thing to an ethnic minority would be a redhead. Judith tries to do that simple thing that women do, make hers a happy family. A family that might live happily ever after. Possibly even up North ... 'Genuinely funny and genuinely moving' Jane Fallon, author of *Getting Rid of Matthew* 'Cold Comfort Farm with booster seats. Funny, honest and moving' Stephanie Calman, author of *Confessions of a Bad Mother* 'I howled with laughter, tears of recognition at every page' Jenny

Colgan 'Funny, poignant and beautifully written'  
Lisa Jewell Judith O'Reilly, a journalist and the mother of three young children, was persuaded to move from London to Northumberland by her husband in August 2005. She started a blog, wifeinthenorth.com, in November 2006, which quickly picked up fans around the world with its witty tales of family and country life. Her second book A Year of Doing Good is published by Penguin.
