The Dark Shore, the second novel in Kevin Emerson's Atlanteans series, continues the story of Owen Parker, one of the powerful descendants of the highly advanced Atlantean race. Owen, Lilly and Leech have escaped Camp Eden, but the next step on their journey to find Atlantis and protect it from Paul and Project Elysium involves crossing the perilous wastelands of a wrecked planet. And unlike in EdenWest, where bloody truths were kept hidden beneath the surface, out here, the horrors live bright beneath the poisonous sun. With treachery at every turn, Owen has no choice but to bring his wounded clan to the dark shores of Desenna, the city built from the ashes of EdenSouth, where the followers of Heliad-7 dwell. Desenna's blood-soaked walls may hold the key to Owen's journey in the form of the third Atlantean, as well as a deeper understanding of the true purpose of the Three, but there are also secrets lurking in the shadows, waiting to be unleashed, and once they rise, there may be no escape. The Dark Shore combines sizzling romance, action, adventure, and powerful scenes of physical and emotional sacrifice in a way that is sure to satisfy lovers of dystopian fiction in the vein of The Maze Runner trilogy. The much-anticipated anthology on Plato's Timaeus-Plato's singular dialogue on the creation of the universe, the nature of the physical world, and the place of persons in the cosmos-examining all dimensions of one of the most important books in Western Civilization: its philosophy, cosmology, science, and ethics, its literary aspects and reception. Contributions come from leading scholars in their respective fields, including Sir Anthony Leggett, 2003 Nobel Laureate for Physics. Parts of or earlier versions of these papers were first presented at the Timaeus Conference, held at the University of Illinois at Urbana-Champaign in September of 2007. To this day, Plato's Timaeus grounds the form of ethical and political thinking called Natural Law-the view that there are norms in nature that provide the patterns for our actions and ground the objectivity of human values. Beyond the intellectual content of the dialogue's core, its literary frame is also the source of the myth of Atlantis, giving the West the concept of the "lost world"; Atlantis Could its existence simply be the substance of long-forgotten lore? Perhaps it flourished only in the daydreams of the Ancients Perhaps in our modern daydreams it fuels the imagination Or perhaps, just perhaps in the periphery of our awareness the Atlanteans walk among us, still. Consider this... Holding the fate of two worlds in his hands, a young Atlantean, heir to the Council leadership, struggles to grasp the magnitude of who he is and the extent of the skills genetically passed to him. Two fiercely independent women, one from each of his worlds, pull his attention as he juggles relationships with the outgoing Council, family (past and present...above the sea and below) and those of a world far removed from his own. Today begins your journey from the past, through the present, and into the future via the portal of the Atlantean Focus. On the very edge of recorded history, the fabled island of Atlantis formed the centre of a vast and powerful empire. From there, the divinely-descended lords of the western ocean made war on the rest of the world, until a brave resistance drove them back, and the gods punished them for their hubris. In that last cataclysmic struggle between gods and mortals, the whole island continent sank beneath the sea. For the first time, this book reconstructs the fact and fiction of that lost age of gods and heroes, including the political organization of the Atlantean Empire, the equipment and tactics of the armies of Atlantis and their enemies, and the stories of the great wars themselves, from the early struggles between Atlantean colonies and the Amazons of North Africa to the final and catastrophic counter-invasion of Atlantis by the peoples of Europe and Asia. Manu fights against the Gloom for Atlantis. As the general's son, he carries the weight of a thousand expectations on his shoulders. When a priest of the ocean goddess divines their princess survived the ambush that killed her parents, no one but Manu is more qualified to retrieve her. Two decades after she was found on a beach, Kailani has dedicated her life to ocean conservation. Her early childhood may be a mystery, but discovering she's a lost princess sounds like a lunatic's fairy tale. She'd rather stay on the surface. The attraction between them is instant and powerful, but she was born to lead and he was bred for battle. If either world is to survive the war ahead, Kailani must fulfill her

destiny and become the queen Atlantis needs before evil plunges the entire kingdom into everlasting darkness. Return to Atlantis is an adult romance. Profanity and adult situations included. This is not a clean read. On the very edge of recorded history, the fabled island of Atlantis formed the centre of a vast and powerful empire. From there, the divinely-descended lords of the western ocean made war on the rest of the world, until a brave resistance drove them back, and the gods punished them for their hubris. In that last cataclysmic struggle between gods and mortals, the whole island continent sank beneath the sea. For the first time, this book reconstructs the fact and fiction of that lost age of gods and heroes, including the political organization of the Atlantean Empire, the equipment and tactics of the armies of Atlantis and their enemies, and the stories of the great wars themselves, from the early struggles between Atlantean colonies and the Amazons of North Africa to the final and catastrophic counter-invasion of Atlantis by the peoples of Europe and Asia. Explores scientific evidence from four cataclysmic events that led to the development of civilization and the downfall of Atlantis • The sequel and companion volume to *The Destruction of Atlantis* • Studies the connections between the world-conquering war the Atlanteans launched and the quartet of natural catastrophes that ravaged the earth more than 5,000 years ago • Demonstrates that the Atlanteans ran an imperial copper trade empire that stretched from North America to Asia Minor Archaeologists have long puzzled over the evidence suggesting highly sophisticated copper mining activities in the area of the Great Lakes some 5,000 years ago. Menomonic Indian tradition speaks of fair skinned mariners who had come in the past to “dig out the shiny bones” of the Earth Mother. Plato, meanwhile, recorded that Atlanteans provided an exceptionally high grade of copper that was no longer available in his time. In this sequel to *The Destruction of Atlantis*, Frank Joseph argues that the Menomonic Indians’ mariners were Atlanteans and that the destruction of Atlantis by war and natural catastrophe brought about the end of Bronze Age civilization. Furthermore, Atlantis’s survivors dispersed to all sides of their former island empire into Western Europe, the Near East, and North and South America. In *Survivors of Atlantis* Frank Joseph provides an in-depth study of the Atlantean war and the intimate connections it had with the last of four great cosmic catastrophes generated by the cyclical return of a comet and its debris. This quartet of natural disasters was followed by mass migrations recorded in the histories of such diverse peoples as the Incas of Peru, the Celtic Irish, the Classical Greeks, and the Aztecs of Mexico. Where the archaeology, mythology, astronomy, and geology of these cultures coincide, a common thread is exposed: Atlantis. Joseph shows that the fate of the Atlantean empire is the story of early civilization and reveals Atlantis to be a credible part of the world’s history. The late author Arysio Santos was a highly regarded climatologist, geologist, and nuclear physicist. He was also a scholar of history, folklore, languages, and the occult. In this groundbreaking study of Atlantis, he draws on all these disciplines, as well as ancient maps, Plato’s dialogues, and folkloric narratives, to provide the most compelling case yet of the disappearance of an entire civilization. Professor Santos demonstrates that Plato’s dating of Atlantis’s disappearance in 11,600 BP (before present) precisely corresponds to the catastrophic end of the Pleistocene Ice Age, as well as a historic flood event of cataclysmic proportions. The rising of the sea level by nearly 500 feet, he argues, submerged continent-sized lands—including Atlantis, which he connects with the biblical Garden of Eden. Provocative chapters cover such topics as the continent’s appearance in ancient maps, Indonesia as the true site of Eden, American interpretations of Atlantis, the four rivers of paradise, and more, giving a clear form to the ghostly outline of this fabled land. When a girl goes from lifeguard to princess... Maris Sanders thinks she’s a normal high school girl. Until she starts developing underwater powers that aren’t normal at all. When a good-looking stranger, with the odd name of Cuda, comes into her life and tells her stories, she discovers a history that stuns her. A lost princess. A lost kingdom. And two lost sisters she never knew she had. Not knowing who to believe, Maris is determined to find the truth. About herself, her powers, and her sisters. But a scientist hired by Cuda’s father is determined to use her as a science experiment. Maris must decide whether to risk her life and her present human reality to join a battle under the sea. And if she doesn’t, will she ever find where she truly belongs? This is the third book in a young adult fantasy action adventure novel series. Each of the books stand alone. “I read all 3 books in the collection by Allie Burton. I read one and then I quickly purchased the other two. The way the stories tied together and how the girls realized they were sisters was enchanting. I hope there will be more books to come in this series.” Reviewer Other books in the Atlantis series: *Atlantis Riptide* - free, *Atlantis Red Tide*, *Atlantis Tide Breaker*, *Atlantis Dark Tides*, *Atlantis Twisting Tides*, and *Atlantis Glacial Tides*. Eleven thousand years ago, before the seas swallowed the Atlanteans, Poseidon assigned a few chosen warriors to act as sentinels for humans in the new world. There was only one rule—desiring them was forbidden. But rules were made to be broken... Riley Dawson is more than a dedicated Virginia Beach social worker. She’s blessed with a mind link that only Atlanteans have been able to access for thousands of years. Being an “empath” may explain her wistful connection to the roiling waves of the ocean, the sanctuary it provides, and the sexual urges that seem to emanate from fathoms below... Conlan, the High Prince of Atlantis, has surfaced on a mission to retrieve Poseidon’s stolen trident. Yet something else has possessed Conlan: the intimate emotions—and desires—of a human. Irresistibly drawn to the uncanny beauty, Conlan soon shares more than his mind. But in the midst of a battle to reclaim Poseidon’s power, how long can a forbidden love last between two different souls from two different worlds? • Traces the course of Atlantean civilization through its three empires, as well as the colonies and outposts formed by its survivors in Egypt, Göbekli

Tepe, India, Mesopotamia, the Mediterranean, and North and South America • Shows how pyramids and other megalithic monuments testify to the survival of a “Sacred Science” of Atlantean origin and how this Sacred Science provided the foundation for esoteric traditions and secret societies throughout the ages • Draws on more than 500 ancient and modern sources and the author’s own personal exploration of hundreds of archaeological sites Exploring more than 100,000 years of Earth’s history, Marco Vigato combines recent discoveries in the fields of archaeology, geology, anthropology, and genetics with the mystery teachings of antiquity to investigate the true origins of civilization. Establishing the historical and geological reality of Atlantis stretching all the way back to 432,000 BCE, he traces the course of Atlantean civilization through its three empires, revealing how civilization rose and fell several times over this lengthy span of time. The author shows that Atlantis did not vanish “in one terrible day and night” but survived in a variety of different forms well into the historical era. He reveals how the first Atlantean civilization lasted from 432,000 to 33,335 BCE, the second one from 21,142 to 10,961 BCE, and the third Atlantis civilization--the one celebrated by Plato--collapsed in 9600 BCE, after the Younger Dryas cataclysm. The author examines the role of Atlantean survivors in restarting civilization in different parts of the world, from Göbekli Tepe and Egypt to India, Mesopotamia, and the Americas. He explains how they created colonies and outposts around the globe, as evidenced by the colossal network of pyramids, earthen mounds, and other megalithic monuments they left behind. He shows how these monuments testify to the survival of a “Sacred Science” of Atlantean origin, and he documents the survival of the primeval Atlantean Tradition through various secret societies into the modern era. Drawing on more than 500 ancient and modern sources and his own personal exploration of hundreds of archaeological sites around the world, the author shows not only that Atlantis was real but that the whole world is now being called to become a New Atlantis and awaken into a new Golden Age. The object had the form of a great jar, with a tapering neck and a deep, round, abdomens body. It was wholly encrusted with shells and corals that had gathered upon it as if through many ages in the ocean deeps, and was festooned with weeds and sea-flowers such as we had never before beheld; so that we could not determine the substance of which it was made.Excerpt I thank you, friend, but I am no drinker of wine, not even if it be the rarest Canary or the oldest Amontillado. Wine is a mocker, strong drink is raging. . . and more than others, I have reason to know the truth that was writ by Solomon the Jewish king. Give ear, if ye will, and I shall tell you a story such as would halt the half-drained cup on the lips of the hardest bibber. We were seven-and-thirty buccaneers, who raked the Spanish Main under Barnaby Dwale, he that was called Red Barnaby for the spilling of blood that attended him everywhere. Our ship, the Black Falcon, could outfly and outstrike all other craft that flew the Jolly Roger. Full often, Captain Dwale was wont to seek a remote isle on the eastward verge of the West Indies, and lighten the vessel of its weight of ingots and doubloons. The isle was far from the common course of maritime traffic, and was not known to maps or other mariners; so it suited our purpose well. It was a place of palms and sand and cuffs, with a small harbor sheltered by the curving outstretched arms of rugged reefs, on which the dark ocean climbed and gnashed its fangs of white foam without troubling the tranquil waters beyond. I know not how many times we had visited the isle; but the soil beneath many a coco tree was heavy with our hidden trove. There we had stored the loot of bullion-laden ships, the massy plate and jewels of cathedral towns. Even as to all mortal things, an ending came at last to our visits. We had gathered a goodly cargo, but might have stayed longer on the open main where the Spaniards passed, if a tempest had not impended. We were near the secret isle, as it chanced, when the skies began to blacken; and wallowing heavily in the rising seas we fled to our placid harbor, reaching it by night-fall. Before dawn the hurricane had blown by; and the sun came up in cloudless amber and blue. We proceeded with the landing and burying of our chests of coin and gems and ingots, which was a task of some length; and afterward we refilled our water-casks at a cool sweet spring that ran from beneath the palmy hill not far inland. The second in the Atlantis trilogy by New York Times bestselling author T. A. Barron In Atlantis Rising, Promi and Atlanta saved their homeland by transforming it into the magical island of Atlantis. They had hoped that would keep it out of the clutches of the evil spirit warlord Narkazan. But Narkazan has returned, more determined than ever to conquer the spirit realm and Atlantis as well. Will the destiny of the mystical isle lie in the boat of Greek sailors who wash up on shore? The powers of the ethereal oceanglass? Or will the growing bond between Promi and Atlanta cause the strongest magic? With his trademark action, adventure and suspense, master of fantasy T.A. Barron explores the magical world of Atlantis and how its inhabitants' actions sow the seeds of its destruction. Praise for Atlantis in Peril: "Barron's trademark fast-paced action with a twist of humor will pull readers along."--School Library Journal Praise for T. A. Barron's novels: "Brilliant, significant, and illuminating . . . an intense and profoundly spiritual adventure."—Lloyd Alexander "A crescendo of miracles."—Madeleine L'Engle "Interesting and august . . . compelling."—The New York Times "In the best tradition . . . classic."—Parents Magazine Imagine for a moment that legend and fact are two living and breathing entities. In legends, Atlantis was destroyed by a great flood due to greed. For a civilization to be gluttonous, they have to be imperialistic. A great war would have taken place to destroy such a powerful civilization. In fact, mankind has learned of civilizations older than the Egyptians and Sumerians. Within the last five decades, archeologists have learned about the Gobekli Tepe in Turkey, and the City of Lord Krishna submerged under the Gulf of Cambay. Both cities can date back twelve thousand years ago. Right after the Ice Age, the world looked

different. The oceans and seas started to rise four hundred feet due to climate change. After the glaciers started to melt, Mankind was ready to strive to the next level of its existence. Societies and cultures started to expand. If a person fuses fact and legend together, the result would be the civilization of the Atlantean Empire. Following in the tradition of Clive Cussler and Dan Brown comes Atlantis: Revelation, a rip-roaring adventure thriller by Marcus Blake, which takes us on a hunt for the legendary lost city. 1945, a German submarine makes an astonishing discovery. Within hours the crew are dead, the final entry of the captain's log the only evidence of their find. It seems they have stumbled upon a remarkable and ancient secret. 2012, a young man is found, washed up on the shore of Cuba. He has no idea who he is, or where he is from. But soon he will find himself at the centre of a deadly game between two civilizations. Meanwhile, a classified governmental agency launches a top-secret manhunt. Their target: the young man. And so begins a clash of worlds. This is Atlantis Rising. A stunning action adventure thriller revealing the secrets of Atlantis - this is The Bourne Identity meets The Da Vinci Code. Marcus Blake is the pen name of a critically acclaimed best-selling novelist. He lives in the UK. "Atlantis...?! You're kidding." "No, I'm not," Doctor Wolfcub retorted. "Examine the facts, Falcon. Other than this single recollection, we know nothing about you. Except, that a team of assassins put a slug through your brain! That the damage was extensive! That you've spent the last twenty-six years in a coma, and awakened with no memories of your past life! In fact, if not for your medical bracelet, we wouldn't even know your name. And lastly, or perhaps a better word would be strangely, your appearance hasn't changed since the day you were shot!" "But coma or not, Doctor... we're talking about me participating in events that took place thousands of years ago!" I countered, rolling my eyes. "Which suggests that either I'm an immortal, or else we must consider this recollection as an imaginative fantasy." "And yet, as inexplicable as it may be, I am serious!" the doctor insisted. "What you've described, through the eyes of a fourteen-year-old, is no less than the creation, history and culture of the legendary Atlantis." When a girl runs away from the circus... For all her sixteen years, Pearl Poseidon has been a fish out of water. A freak on display for her adoptive parents' profit. Running away from her horrible life, she craves one thing—anonymity. But when she saves a small boy from drowning she exposes herself and her mutant abilities to Chase, a budding investigative reporter. Now, he has questions. And so do the police. Once Pearl discovers her secret identity, she learns she's part of a larger war between battling Atlanteans. A battle that will decide who rules the oceans. A battle raging between evil and her true family. Will she find a way to use her powers in time to save a kingdom she never knew existed? This is the start of a young adult fantasy action adventure novel series. "Free sweet summer young adult paranormal with death-defying underwater rescues." Reviewer Other books in the Atlantis series: Atlantis Red Tide, Atlantis Rising Tide, Atlantis Tide Breaker, Atlantis Dark Tides, Atlantis Twisting Tides, and Atlantis Glacial Tides. Tattooed mer-shifters are climbing out of the secret depths to claim their soul mates and save their race! Mer and human. Human and mer. Like two sides of a drachma, our races were one. Then, disaster. A Great Catastrophe sank ancient Atlantis and plunged us into fiery war. Escaping into the depths, the mer lost their females. They had to forge a covenant with secret, sacred island brides to continue their race. A thousand years passed. Humans forgot. The mer never did. They existed only in our legends. Until now. Take the plunge and dive in to the USA Today bestselling series! Four breathtaking paranormal romances filled with yummy alpha warrior, daring heroines, friendly giant octopi, and lush underwater kingdoms. For a limited time, this set contains the first four novels plus bonus epilogues plus an exclusive deleted scene. Happy reading! ~ Starla Night

**SEDUCED BY THE SEA LORD** Determined warlord Torun cannot wait to claim Lucy, who mistook him for a shipwreck survivor and pulled his injured body from the ocean. He insists her destiny is to become a mermaid queen and mother to his future children. The one thing "destiny" forgot to mention was that Lucy's a broke divorcee who can't even have a child. It's really too bad, because his gorgeous lips are all too kissable, and she'd love to see his iridescent gold tattoos moving as he flexed those broad, hard pectorals under the water... **SACRIFICED TO THE SEA LORD** Steadfast mer king Kadir sets out to the surface to woo his bride, and sweet, sensual Elyssa is his. When King Kadir holds her in his bulging, silver-tattooed arms and claims her as his soul mate, deep down the shy introvert holds big dreams. Maybe his magical elixir will transform her into more than just a mousy, water-breathing version of herself. Maybe it will make her into an exceptional woman worthy to be a queen. **ENSLAVED BY THE SEA LORD** Hardened mer warrior Soren is no great catch. Disgraced, battle-scarred, and with a temper as black as the tattoos slashing his skin, the First Lieutenant of rebel city Atlantis prefers to protect the other warriors' brides rather than seek his own to repopulate their dwindling race. But he can't control his cravings for haughty, elegant Aya. **"SOREN'S DARK NIGHT"** Sink into the darkness with an exclusive scene linking damaged warrior Soren to his betrayal of the warrior he most respected... **STOLEN BY THE SEA LORD** Zara almost died the night she was forced to the surface. Shattered memories are all that remain in her broken heart. Suddenly, her mer husband, Elan stands on the shore before her like a mirage. Heart-stopping, mouth-watering, and all hers. He even escaped with her son. And a deadly secret... Every complete novel contains a happy ending filled steamy mer-shifter love scenes, underwater battles, and friendly giant octopi. Fall in love with these men of the sea! Tropes - Shifter, warrior, protective hero, fated mates, soulmates, psychic connection, superpowers, forbidden love, woman in peril, fish out of water, whole new world, different worlds, forced proximity, instalust, she saves him right back, the ordinary one becomes the boss, special

powers that only she can sense, virgin hero, adventure, anthology, boxed set, royalty, shapeshifter, damaged hero, strong woman, second chance The three of them together now walked a rather long distance to a wild section of the garden, where it had turned completely dark. The wind began to rush, and the shrubs, trees and bushes of the garden swished like breakers on the shore. The stoker beckoned to them, and they squatted on the ground in a circle. It seemed as if the stoker with his bare hand had taken a bit of burning wood from his pocket. He held it close to the ground, to illuminate a round opening, something like the burrow of a marmot or a rabbit. "Legno santo," said Peter Schmidt, pointing to the glowing piece of charcoal. "Now, Frederick, you will get to see those antlike little elves that are called noctiluci or night-lights. They pompously call themselves Toilers of the Light. But whatever their name, it must be admitted that they are the ones that take the light hidden in the entrails of the earth, store it up, and sow it in fields, the soil of which has been especially prepared; and when it has grown to its full size and has borne fruit a hundredfold in the shape of gold sheaves or nuggets, they harvest it and save it for the darkest of dark times." And, actually, looking through a crevice, Frederick saw something like another world, with a subterranean sun shining on it. A multitude of little elves, the Toilers of the Light, were mowing with scythes, cutting stalks, binding sheaves, loading carts, and storing in barns. Many cut the light out of the ground, like nuggets of gold. Undoubtedly it was the gold meant for the mint in Washington that was haunting Frederick's dreams. On the run at the end of the world, Abe Sapien's Dark and Terrible story reaches its finale, and the answers he uncovers about his own existence reveal some of the biggest secrets of the Hellboy saga. AWOL from the Bureau for Paranormal Research and Defense for more than a year, Abe travels to lost two lost kingdoms before returning to America. There he'll confront the most nightmarish version of the fate he's run from all along, as well as the necromancer who sees Abe as a means to control the end of mankind. Collects Abe Sapien #32-37 Praise for the comics that comprise Abe Sapien Volume 8: The Desolate Shore "The art by Max Fiumara is still tremendous too. Along with Dave Stewart's darkly textured color work, this series is so monster-ifficly good looking, I wish each issue would never end." -Coverless Reviews "If you already like Abe Sapien, you will continue to like it--buy this! If you like Hellboy but aren't reading Abe Sapien, you will definitely also like it!" -Geeks With Wives Fully Revised Edition. This amazing novel based on real past life experiences follows the amazing adventures of Leda, a young Atlantean girl, entering the secret world of the Initiate College. Follow her amazing exploits & adventures! Enjoy a gently unfolding romance & the incredible knowledge revealed within this book. A fascinating read for all ages. A Beacon of Light Book. The Abbotts Books.

**LETTERS FROM ATLANTIS FROM ROBERT SILVERBERG THREE-TIME WINNER OF THE HUGO AWARD AND FIVE-TIME WINNER OF THE NEBULA AWARD** It was a legendary island, a fantastic island. Atlantis, or as its prince called it, Athilan. Roy had traveled through time with his partner, Lora, to find it—and now he was tantalizingly close to its shore. Time travel allowed Roy's consciousness to enter the mind of the heir to Atlantis's throne, and what he found disturbed him. Strange dreams. How could such an advanced city exist at this time? The rest of the world was, as Lora witnessed in her travels, a dark, barbaric land still thawing from the ice age. Roy had been prepared for the odd isolation of time travel, but nothing had prepared him for his final arrival on Atlantis—a shimmering city far beyond his imagination! Roy knew this island's fate. According to legend, it would vanish into the sea. Roy also knew he had a limited amount of time to decipher the strange message in the Prince's mind—visions of cataclysmic events, mysterious rites to a faraway star. If Roy was in an Atlantis unlike anything the researchers had predicted, then what were its secrets? And when would it be destroyed? ~~~~~ The poignant, accomplished new collection of poetry from the author of *My Alexandria*--1993 winner of the National Book Critics Circle Award, Los Angeles Times Book Award, 1993 National Book Award Finalist. Shirley Andrews, author of "Atlantis: Insights From a Lost Civilization", combines her own research with the data of scholars, scientists and respected psychics to offer a look into the little-known details about the lost continent of Lemuria and its relationship to Atlantis. Renowned archaeologist Dr. Steven Carning has been dreaming of discovery. Now, with his team of graduate students he makes the discovery of a lifetime under the Great Sphinx. A hall of knowledge, left behind by an ancient civilization, older than can be imagined and lost to time. Now, as his team is scrambling to understand this fantastic find, Steven undertakes translating the works of this lost civilization. Through this translation, Steven is looking through a window over 13,000 years old, understanding the roots of some of mankind's greatest civilizations. As the story of this lost era of man unfolds for Steven, mysterious forces are also watching with eager eyes, and unknown agendas. The *Chronicles of Atlantis: The Age of Immortals* is an exciting action tale where our long forgotten past will directly dictate the fate of mankind forever. A young man faces an unknown crisis, one that no-one could be ready for. A copy struggles to understand a truly bizarre case. Two streams of time converge in unexpected ways as outside forces attempt to impact on the destiny of man. What would happen if your past was altered at a fundamental level? It could nudge our collective history in a different direction where the outcome is uncertain. Dream Seer, Judy Prudhomme, shares her lifelong visions of The New Ones and why Kleech, the alien Priest, created this superhuman species to rule and protect Atlantis. The New Ones of Atlantis will ignite your imagination and whirl your emotions with a colorful adventure of extremes: shipwrecks and rescues; pirate debauchery and dedicated Priests; dangerous Warriors and happy children; whores and virginity; demons, ghosts and the Holy Spirit; death, resurrection and reincarnation; Warrior Practice and Temple. The first New One,

Lord Priest, is a black, bird-beaked, Warrior/Priest, Healer, Scientist, Educator, Seer, Magician and reincarnate of the Egyptian God Thoth. The second New One, Lord Beast, The King, is a genetic combination of Lord Priest and an African Lioness. Lord Beast appears human until his beastly traits surface and his deadly perfection proves why he is The Killing Beast of Atlantis and the undefeated Leader of the most feared Army on Earth. The Third New One, Lady Athena, demonstrates her courage when she challenges Lord Beast's most dangerous Warriors to fight for the coveted position of Army Co-Trainer. After the bloody battles, Athena claims her victory and becomes The Third Ruler and Goddess of War. Enjoy Athena's beloved friend, six-year-old Daisy, as she grows more like Athena everyday, leads the Little Flower Warriors and communicates to God in a unique way. Laugh at Atlantis' greatest war heroes, the comical Warriors Burr and Mayner, as they try to get their buddy, The King, laid by slipping him past his Seer Father. Unfortunately, the dangerous Lord Priest is not amused. Guarantee: You will not want this book to end! Long known as the classic work on the study of Atlantis, the author puts forth the idea that this was the true place where civilization began. This one book has done more than any other in promoting the idea for the lost continent of Atlantis. Swords and Sorcery clash with riveting results in these four classic stories! "[A] pomegranate writer: popping with seeds—full of ideas." —Ray Bradbury When Robert E. Howard died in 1936, some of the greatest science-fiction and fantasy writers stepped into the void to pen amazing tales of swords and sorcery. Weird Tales published these four stories by iconic author Henry Kuttner, perfect for fans of Conan the Barbarian, and vital for every fantasy reader. Depicting a brutal world of swords and magic, with a hint of the Lovecraft mythos, Kuttner unleashes four tales as vital in today's Game of Thrones world as they were when they first published. These stories include: Thunder In the Dawn The Spawn Of Dagon Beyond The Phoenix Dragon Moon "[...].unknow; and might have islands, or continents, that hitherto were not come to light. Wherefore we bent our course thither, where we saw the appearance of land, all that night; and in the dawning of the next day, we might plainly discern that it was a land; flat to our sight, and full of boscage; which made it show the more dark. And after an hour and a half's sailing, we entered into a good haven, being the port of a fair city; not great indeed, but well built, and that gave a pleasant view from the sea: and we thinking every minute long, till we were on land, came close to the shore, and offered to land. But straightways we saw divers of the people, with[...].". In the most comprehensive account of this legendary island, Joseph provides compelling evidence based on 20 years of research around the globe that Atlantis was at the root of all subsequent human civilizations. When a girl on a quest gets kidnapped... Princess Coral wants one thing. Actually two. Her lost sisters. Locked in her underwater castle by an evil regent intent on seizing control of her kingdom, Coral is determined to break free and find her siblings. When she tries to escape, she's seized by her childhood crush, Finn. This wasn't the reunion she'd expected. Finn plays a delicate game. A game of loyalty, betrayal, and honor. Even though Finn is working for the enemy, Coral needs his help to reunite with her sisters and stop an underwater war. She must risk her heart to gain his trust. But what will happen if Finn chooses against her? This is the second book in a young adult fantasy action adventure novel series. Each of the books stand alone. "I'm a sucker for princesses and while all three of these sisters are that, Coral actually is a princess from the beginning of the book. So I was hooked. And Finn. Oh, man. He's yummy. Loved the adventure too. Great book. Can't wait to read this third one in the series." Reviewer Other books in the Atlantis series: Atlantis Riptide - free, Atlantis Rising Tide, Atlantis Tide Breaker, Atlantis Dark Tides, Atlantis Twisting Tides, and Atlantis Glacial Tides. The most comprehensive reconstruction of the history and fate of the legendary ancient civilization of Atlantis • Draws together compelling evidence from geology, astronomy, myths, and ancient texts to prove the existence of Atlantean civilization and its catastrophic end • Includes a vivid narrative that re-creates the last days of Atlantis All human cultures, from classical and biblical to native North and South American, share the myth of an ancient deluge that often coincides with a rain of fire from the heavens. Now, in *The Destruction of Atlantis*, author Frank Joseph links this worldwide cultural phenomenon to the story of the lost civilization of Atlantis, which in a single day and night disappeared into the sea in a violent cataclysm. In the most comprehensive account of this legendary island, Frank Joseph provides compelling evidence based on 20 years of research around the globe that Atlantis was at the root of all subsequent human civilizations. Refuting modern skepticism, he provides evidence from archaeology, geology, astronomy, and ancient lore to prove the existence of Atlantean civilization in the context of Near Eastern Bronze Age society at the end of the 13th century B.C.E. He combines hard scientific evidence with a stunning and imaginative re-creation of what it must have been like to walk the streets of Atlantis in its last days. The resulting portrait of a mighty empire corrupted by an overreaching lust for wealth and power offers an important lesson to our own materialistic civilization. #1 New York Times bestselling author Sherrilyn Kenyon has entertained millions of readers with her extraordinary Dark-Hunter series. With over 40 million copies of her books in print, Kenyon was dubbed "the reigning queen of the wildly successful paranormal scene" by Publishers Weekly. Here together for the first time in a fabulous eBook bundle are her popular Dark-Hunter novels: *Kiss of the Night* Born of a cursed race, Cassandra and her family have been hunted to extinction. Now she must trust her fate to an enemy who has hunted her people or the entire world will end. *Night Play* How does a wolf convince a human to trust him with her life when his enemies are out to end his? In the world of the Were-Hunters, it really is dog-eat-dog. And only one alpha male can win. *Seize the Night* To win against evil, Val will have to loosen up, learn to trust, and put everything on

the line to protect a man he hates and a woman who drives him crazy, in every way possible... Domaris, a disciple of the Temple of Light, falls in love with Micon, a Prince of Atlantis who is washed up on the foreign shore where he incurs the wrath of the Black Robes for returning Domaris' love. Tattooed mer-shifters are climbing out of the secret depths to claim their soul mates and save their race! First Lieutenant Soren burns for icy Aya, but his dark past now threatens all of Atlantis. Aya must show the harsh warrior that he's worthy of love - and claim her own power - before their city is destroyed by an ancient nemesis. Aya is determined to save her family's company and her favorite cousin, Elyssa, even though it means confronting the dark, powerful lieutenant who always gets under her skin. When her masterful plan ends in disaster, Soren is there to save her life - by turning her into a mermaid queen. Now she can't get away from the hard-bodied warrior. And the more time she spends in his bulging arms, the less she wants to try... The queens of Atlantis must rise. Their enemies will stop at nothing to destroy the fragile mer-human partnerships, including awakening an ancient monster that inhales cities. Locked in Soren's deadly past is a secret to save them all - and only Aya holds its key. This is a complete novel with a happy ending! Also, it features steamy mer shifter love scenes, undersea battles, and a crotchety giant cephalopod named Octopus Kong. For mature readers only, please! Tropes Shifter, warrior, protective hero, fated mates, soulmates, psychic connection, superpowers, forbidden love, woman in peril, fish out of water, whole new world, different worlds, forced proximity, instalust, she saves him right back, special powers that only she can sense, shapeshifter, adventure, beach, instalove, love at first sight, damaged hero, strong woman, virgin hero

The second book in the Sirian Revelations Trilogy explores the wisdom ancient Atlantis can offer contemporary seekers. The lost continent of Atlantis has existed in the collective consciousness of humankind for eons—contemplated as early as 355 BC by Plato and echoing in the modern mind. In this controversial book, author Patricia Cori provides compelling, often startling insights into this lost culture and the lessons it holds for us as both a high civilization and a metaphor for our current world situation, earth changes, growing extraterrestrial phenomena, and government conspiracy theories. Only by embracing and recognizing what Atlantis can teach us, says Cori, can we expect to heal and uplift our own increasingly threatened civilization. This book is an excellent classic of Atlantis. We may say this book, more than any other, established the existence of this lost continent for the modern world. Being an essential source of information, it attracted hundreds of thousands of readers and stimulated vast debate on the reality of the lost continent. The book attracts countless scientists who do serious work in their fields and numerous science-fiction writers. Thanks to this work, the idea of a submerged Atlantic Ocean continent remains vigorous today, long after it first appeared. Three men against the might of Atlantis... Fleeing from the volcanic eruption that devastated the island kingdom of Atlantis, three men escape to Britain - the island of the Yerni. The three are Prince Ason of Mycenae, the Egyptian envoy Itab and Aias, the man from Byblos whom Atlantis had enslaved. Mycenae's vital British tin mines have been laid waste - their guardians massacred. The three voyagers - together with Naikeri, proud daughter of the Albi and Ason's lover - take on the warlike Yerni. Then their old enemies the Atlanteans invade, and it becomes imperative to unite the Yerni against them, to forge a new nation from warring tribes by raising the mighty stone symbol of a new order... Originally published in 1882, this early work by politician Ignatius Donnelly is both expensive and hard to find in its first edition. Inspired by the writings of Plato, it details the history and technology of this lost land and is a fascinating read for anyone interested in the theory that ancient civilisations are descended from the peoples of Atlantis. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
