**Godfall** Aug 27 2020 THE BEST GUIDE! ?????? Godfall can be an enjoyable and lovely gear-based action game while it lasts, but the repetition of its missions wears thin before the end of its campaign, and even thinner in the endgame afterward. Its combat is packed full of decisions to make and a healthy mix of familiar and genuinely novel mechanics, but its Valorplate suits aren't as mechanically diverse as they initially seem on their gorgeous exteriors. With neither an interesting story nor a deep pool of varied content, all the choice Godfall offers doesn't amount to much more than a bit of brief and shallow fun. In this book, I'll be sharing tips and tricks that I wished I knew earlier so you can benefit from them during your play. So, what are you waiting for? Once you grab a copy of our guide, you'll be dominating the game in no time at all! Get your Pro tips now.? Scroll to the top of the page and click add to cart to purchase instantly

**Van Perlo's Endgame Tactics** Mar 26 2023 New and substantially expanded edition of a modern chess classic. By chance, in 2013 publisher New In Chess discovered a previously unnoticed and unpublished

extra batch of endgame tactics collected by the legendary Dutch correspondence grandmaster Ger van Perlo (1932-2010). More than 250 fresh examples have been added, making this fourth edition 25% BIGGER than its predecessors. For casual players and club players. Why is it that most amateur chess players love opening and middlegame tactics but hate endgames? Why do you usually look at only a couple of pages in any endgame theory book you see? Sit back, forget about theoretical endgames, and enjoy the entertainment of real life chess in Endgame Tactics! There is no substitute for hard work in getting better at chess, as a wise grandmaster once said. But you always work harder at something you enjoy. Make the first step towards improving your endgame play (and beating more opponents) by learning to love the endgame. Endgames are fun, and the examples from everyday practice in Endgame Tactics prove it. • New (4th) and 25% expanded edition of a best-selling modern classic • More than 1,300 Sparkling Tricks and Traps • WINNER of the ECF Book of the Year Award • WINNER of the ChessCafe Book of the Year Award • Makes regular players discover the fun in endgame

**Fallout: New Vegas - Strategy Guide** Jul 26 2020 The year is 2281 - two hundred years after the old world was eradicated by nuclear fire - and now the New California Republic has become powerful along the western coast of what used to be the United State of America. They've expanded east into Nevada, but across the Colorado river to the east a united army of tribals - Caesar's Legion - have been organized under the guise of ancient Rome. War never changes, and impending conflict looms between the two sides, the prize being the Hoover Dam and control over the Mojave. Stuck in the middle are the residents of Nevada and the jewel in the desert; the city of New Vegas. But the mysterious overlord of New Vegas has his own plans for the future of the Mojave... You are Courier six, an employee of the Mojave Express who has been entrusted with delivering a mysterious Platinum Chip. The delivery goes horribly awry, however, and after you are robbed and nearly killed for the package you were carrying, you must set out in pursuit of your attackers. Along the way you'll have to navigate the political struggles between factions both large and small, making friends and enemies between the various groups as your actions in the Mojave influence your reputation. Ultimately, a new overlord of the Mojave will be crowned... but will you place that crown upon the brow of Caesar, the New California Republic, the mysterious ruler of New Vegas... or yourself? This guide offers the following: - Character creation strategies including a run-down of SPECIAL attributes, Skills and Perks. - An ideal chronological order of events walkthrough that will take you through the entire Mojave. - Complete walkthrough of all the main quests and side quests, including faction quests and endings. - A power-gamey New Vegas Medical Center run, for those gamers who want to get off to a great start. - Information about factions and reputation. - The locations of stat-boosting Skill Books, unique weapons and armor and collectible Snowglobes. - A Trophy Guide including detailed information (when necessary) about how to obtain all the game's trophies. - Old World Blues DLC.

**Winning the Endgame** Nov 22 2022 America is a nation of death ostriches. By denying mortality, death ostriches reduce the odds of living well as long as possible. This book will help you optimize the rest of your life. You'll see how to make wise decisions based on your staying power, how to evaluate the pros and cons of selling your house, and how to manage risk. Death ostriches suffer needlessly and die badly. Exiting gracefully requires long-term planning. Winning the Endgame can help you control when, where, and how well you die. Author Ray Brown is cheerful, not morbid -- Paul Revere, not Dr. Kevorkian. His irreverent approach will make you laugh, not cry. What do you want for \$12.95? Immortality? Ray Brown has been a licensed real estate broker since 1976. He coauthored two bestselling For Dummies books about real estate, wrote a syndicated real estate column, and hosted a call-in radio show about real estate for 16 years. Ray has spent 77 years gaining firsthand experience about aging. How well he dies is a tale yet to be told.

**A Guide to Designing Curricular Games** Apr 22 2020 This book is a guide to designing curricular games to suit the needs of students. It makes connections between video games and time-tested pedagogical techniques such as discovery learning and feedback to improve student engagement and learning. It also examines the social nature of gaming such as techniques for driver/navigator partners, small groups, and whole class structures to help make thinking visible; it expands the traditional design process teachers engage in by encouraging use of video game design techniques such as playtesting. The author emphasizes designing curricular games for problem-solving and warns against designing games that are simply "Alex Trebek (host of Jeopardy) wearing a mask". By drawing on multiple fields such as systems thinking, design theory, assessment, and curriculum design, this book relies on theory to generate techniques for practice.

**Monster Hunter: World - Strategy Guide** Mar 02 2021 This guide features a full, beginning-to-end walkthrough written in an "ideal chronological order of events" format. Main quests are interspersed with side quests in the order in which they unlock, although some side quests and arena challenges may only be referenced instead of fully explained. These are typically quests that have you facing a monster you've already fought under similar circumstances that offer no unique reward for completion. For example, after completing most main quests you won't be able to attempt that quest again, but you'll usually unlock an identical side quest allowing you to hunt the same monster in the same area with the same success/failure conditions. Monster strategies will be discussed in detail as you encounter them throughout the walkthrough, featuring elemental and status information and drop lists. The guide also features a fully detailed bestiary for those who just want information about specific monsters unaccompanied by a walkthrough. Trophy/achievement information can also be found in a separate trophy/achievement guide, although be warned: many trophies/achievements in Monster Hunter World are easier said than done. Other features of this guide include: -- Information on crafting/harvesting. --

Side quests that unlock mantles, ingredients and other useful features. -- Field Researcher quests including where to catch rare fish, how to capture small monsters, and where to locate Grimalkynes/Gajalaka. -- Grimalkyne/Gajalaka quests. -- How to upgrade the Ancient Tree/Harvest Box and how to unlock various fertilizers. -- How the Elder Melder works, melding different items and decorations. -- Where to find the Powerlalon and Armortalon, and how to upgrade them into the Powercharm and Armorcharm. -- Detailed information on how to unlock Tempered Monsters, the difference between Threat Level 1, 2 and 3 Tempered Monsters. -- Information on Feystones, including drop rates, the differences between the types (Mysterious, Gleaming, Worn and Warped). -- How to get Warrior's Streamstones and Hero's Streamstones.

Starting Out Jan 12 2022 Endgames with kings, rooks and pawns are by far the most common type - it is estimated that rook endgames are reached in nearly one in five of all chess games. It's clear that a firm understanding of them is required in order to become self-assured in this typical phase of the game. And yet it is exactly this area in which many players drop precious points or half-points through a lack of either technique or understanding. In this easy-to-read guide, Grandmaster and well-known endgames expert Chris Ward begins with the absolute fundamentals of rook endgames. He gradually arms the reader with the indispensable knowledge and confidence needed to move onto slightly trickier positions. Using examples from practical play, Ward highlights the correct plans as well as the typical mistakes made by both attacker and defender. As is commonplace with the renowned Starting Out series, there are an abundance of notes, tips and warnings throughout the book to help the improving player. Starting Out: Rook Endgames is perfect for those who have previously honed their chess skills with the earlier books Starting Out in Chess, Tips for Young Players and Improve Your Endgame Play. \*Covers all crucial rook endings \*Easy step-by-step guide to better endgame play \*Ideal for the improving player \*User-friendly layout to help readers absorb the key ideas
