Edgar Allan Poe Dec 30 2019 Renowned as the creator of the detective story and a master of horror, the author of "The Red Mask of Death," "The Black Cat," and "The Murders of the Rue Morgue," Edgar Allan Poe seems to have derived his success from suffering and to have suffered from his success. "The Raven" and "The Tell-Tale Heart" have been read as signs of his personal obsessions, and "The Fall of the House of Usher" and "The Descent into the Maelstrom" as symptoms of his own mental collapse. Biographers have seldom resisted the opportunities to confuse the pathologies in the stories with the events in Poe's life. Against this tide of fancy, guesses, and amateur psychologizing, Arthur Hobson Quinn's biography devotes itself meticulously to facts. Based on exhaustive research in the Poe family archive, Quinn extracts the life from the legend, and describes how they both were distorted by prior biographies. "

The Science Fiction of Edgar Allan Poe Aug 18 2021 One of the greatest of all horror writers, Edgar Allan Poe (1809-49) also composed pioneering tales that seized upon the scientific developments of an era marked by staggering change. The Mystery of Marie Roget Mar 13 2021 "The Mystery of Marie Roget" is a short story by Edgar Allan Poe and a A SEQUEL TO "THE MURDERS IN THE RUE MORGUE.". Edgar Allan Poe (born Edgar Poe; January 19, 1809 - October 7, 1849) was an American author, poet, editor, and literary critic, considered part of the American Romantic Movement. Best known for his tales of mystery and the macabre, Poe was one of the earliest American practitioners of the short story, and is generally considered the inventor of the detective fiction genre. He is further credited with contributing to the emerging genre of science fiction. He was the first well-known American writer to try to earn a living through writing alone, resulting in a financially difficult life and career. Born in Boston, he was the second child of two actors. His father abandoned the family in 1810, and his mother died the following year. Thus orphaned, the child was taken in by John and Frances Allan, of Richmond, Virginia. Although they never formally adopted him, Poe was with them well into young adulthood. Tension developed later as John Allan and Edgar repeatedly clashed over debts, including those incurred by gambling, and the cost of secondary education for the young man. Poe attended the University of Virginia for one semester but left due to lack of money. Poe quarreled with Allan over the funds for his education and enlisted in the Army in 1827 under an assumed name. It was at this time his publishing career began, albeit humbly, with an anonymous collection of poems, Tamerlane and Other Poems (1827), credited only to "a Bostonian". With the death of Frances Allan in 1829, Poe and Allan reached a temporary rapprochement. Later failing as an officer's cadet at West Point and declaring a firm wish to be a poet and writer, Poe parted ways with John Allan. Poe switched his focus to prose and spent the next several years working for literary journals and periodicals, becoming known for his own style of literary criticism. His work forced him to move among several cities, including Baltimore, Philadelphia, and New York City. In Baltimore in 1835, he married Virginia Clemm, his 13-year-old cousin. In January 1845 Poe published his poem, "The Raven", to instant success. His wife died of tuberculosis two years after its publication. For years, he had been planning to produce his own journal, The Penn (later renamed The Stylus), though he died before it could be produced. On October 7, 1849, at age 40, Poe died in Baltimore; the cause of his death is unknown and has been variously attributed to alcohol, brain congestion, cholera, drugs, heart disease, rabies, suicide, tuberculosis, and other agents. Poe and his works influenced literature in the United States and around the world, as well as in specialized fields, such as cosmology and cryptography. Poe and his work appear throughout popular culture in literature, music, films, and television. A number of his homes are dedicated museums today. The Mystery Writers of America present an annual award known as the Edgar Award for distinguished work in the mystery genre. After his brother's death, Poe began more earnest attempts to start his career as a writer. He chose a difficult time in American publishing to do so. He was the first well-known American to try to live by writing alone and was hampered by the lack of an international copyright law. Publishers often pirated copies of British works rather than paying for new work by Americans. The industry was also particularly hurt by the Panic of 1837. Despite a booming growth in American periodicals around this time period, fueled in part by new technology, many did not last beyond a few issues and publishers often refused to pay their writers or paid them much later than they promised. Poe, throughout his attempts to live as a writer, repeatedly had to resort to humiliating pleas for money and other assistance.
