Modernization, Democracy, and Islam May 16 2022 The Islamic world has a poor record in terms of modernization and democracy. Recognizing these themes allows the consideration of possible remedies for change in the Muslim world. The Islamic world has a poor record in terms of modernization and democracy. However, the source of this situation is not religion—Islam—but rather factors including colonialism, international economic and trading systems, and the role of the military, among others. Recognizing these themes allows the consideration of possible remedies for change in the Muslim world. The distinguished scholars contributing to this volume identify key factors—some intrinsic to the Muslim world, and some external—that contribute to Islam's current predicament. Contrary to much prevailing thought and opinion, Islam is neither monolithic nor impervious to change. It is neither anti-democratic nor inherently anti-modernization. Islam itself, as this book shows, is not the root cause of the malaise of the Islamic world.

Rebranding Islam Dec 31 2020 Kyai Haji Abdullah Gymnastiar, known affectionately by Indonesians as "Aa Gym" (elder brother Gym), rose to fame via nationally televised sermons, best-selling books, and corporate training seminars. In *Rebranding Islam* James B. Hoesterey draws on two years' study of this charismatic leader and his message of Sufi ideas blended with Western pop psychology and management theory to examine new trends in the religious and economic desires of an aspiring middle class, the political predicaments bridging self and state, and the broader themes of religious authority, economic globalization, and the end(s) of political Islam. At Gymnastiar's Islamic school, television studios, and MQ Training complex, Hoesterey observed this charismatic preacher developing a training regimen called Manajemen Qolbu into Indonesia's leading self-help program via nationally televised sermons, best-selling books, and corporate training seminars. Hoesterey's analysis explains how Gymnastiar articulated and mobilized Islamic idioms of ethics and affect as a way to offer self-help solutions for Indonesia's moral, economic, and political problems. Hoesterey then shows how, after Aa Gym's fall, the former celebrity guru was eclipsed by other television preachers in what is the ever-changing mosaic of Islam in Indonesia. Although *Rebranding Islam* tells the story of one man, it is also an anthropology of Islamic psychology.

[Answers for the Honest Skeptic](#) Apr 15 2022 It is true that mankind itself has probably always been characterized with the main desire to determine just what spiritual truth really is. For centuries and centuries, highly educated philosophers and religious men alike have always stood toe-to-toe, disagreeing on spiritual truth. Since they cannot all be right, this would strongly indicate that education, religious persuasion, or even intelligence has little to do with our discovery of the real spiritual truth. For if these things were truly critical, then obviously, the spiritual/intellectual giants of history would have agreed on spiritual truth long ago. In this work, author Ted Even endeavors to show that the disagreeing intellectuals/skeptics of the past only serves to reinforce Christ's radical statement about our need to just become like little children in order to discover the spiritual truth and that literally everyone has the same opportunity to enter the kingdom of heaven on that basis. However, while super-intelligence or big degrees may not be necessary, the discovery of spiritual truth does require just one very reasonable quality of heart which little children have always possessed. Find out just what this basic quality of heart is as you continue your search for spiritual truth within this simple to understand work which only leaves the real spiritual truth left standing.
