Great results have already been seen from individuals who respect Gods Word and value what it can bring to the Board room as well as to the church service. You will not be sorry you invested in this training for you and your ministry team. Rev. Lloyd Tremain, Paradise Community Church of the Nazarene A thorough, practical and much needed Biblically sound treatment. Wish it had been available 20 years ago when I could have use it to a great positive effect Dan Wilderman, Retired Assemblies of God Pastor the order and practical instruction presented will benefit all organizational levels of any Christian Church today. John Steffensen, Radio Host, Christ Today KKXX Radio Chico CA Hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry. I once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore, or church maintenance, or the myriad other duties needed to keep a church going. The result was that the church stayed the same size. Some leave; others enter. But no growth was apparent despite the considerable preaching talents of the pastor. God is apparently making sure he has only the amount of people that he can handle. We learn that the ancient church had some of the same challenges we face today. Acts 6:14 says, Now in those days, when the number of the disciples was multiplying, there arose a complaint against the Hebrews by the Hellenists, because their widows were neglected in the daily distribution. Then the twelve summoned the multitude of the disciples and said, It is not desirable that we should leave the word of God and serve tables. (Read this as doing manual labor.) Therefore, brethren, seek out from among you seven men of good reputation, full of the Holy Spirit and wisdom, whom we may appoint over this business; (the manual labor) but we will give ourselves continually to prayer and to the ministry of the word. It was even bringing strife to the local body. What did they do? And what was the result? The first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the Holy Spirit and appointed them to do practical ministerial duties (the manual labor). This freed up the apostles so they could minister the Word of God. Wow, Gods way is so simple, and our grandiose plans just waste time and get nothing done. Pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the spiritual work that promotes Gods church. This manual gives a road map for accomplishing the goal of choosing and training people and tips for managing them. Learn proven, real-world techniques for specifying software requirements with this practical reference. A disturbing proportion of computer systems are judged to be inadequate; many are not even delivered; more are late or over budget. Studies consistently show one of the single biggest causes is poorly defined requirements: not properly defining what a system is for and what it's supposed to do. Even a modest contribution to improving requirements offers the prospect of saving businesses part of a large sum of wasted investment. "When asked about the qualities needed to be an effective CEO, the answers are, to me, quite basic: Respect for, and ability to get along with, many different kinds of people, including those that do not share your views; The will to honor promises that one makes to his family, and the understanding that work and home life must be balanced." -Gerard J. Arpey, CEO, American Airlines "Be positive about challenges you encounter, for no matter how successful you are, you will encounter them." -William Clay Ford, Chairman, and CEO, Ford Motor Company "In the real world, leaders are rarely faced with a simple choice between right and wrong. Leaders can't avoid ambiguity, but must learn to be decisive in spite of it." -Sy Sternberg, CEO, New York Life "I think anyone willing to work hard for their goals, learn from their mistakes, and care about others has the "markings" to become a wonderful Leader." -Gary Kelly, CEO, Southwest Airlines "Find the right people and the right information to help you get the job done." -Ronald A. Williams, CEO, Aetna "Understand opportunities don't come in an envelope labeled "opportunities"; create value; be honest; have a vision; work hard." -Edward Zore, CEO, Northwestern Mutual "Success requires envisioning, embracing and driving change. The only way to turn potential into higher levels of achievements is to continuously change." -Susan M. Ivey, CEO, Reynolds American "Surround yourself with people smarter than you: People make it happen and great people are necessary to make any idea come alive." -Maggie Wilderotter, CEO, Frontier Communications "I believe hard work, dedication, and the willingness to take calculated risks, not only in my personal life, but in my career as well, have contributed to my success. Have a passion for whatever you do." -Robert A. Reynolds, CEO, Graybar Electric Small-flash photography has become widely popular because of its portability and affordability, and this book offers insights on mastering the use of small-unit, hot shoe-mounted flashes called flashguns. Demonstrating the various light modifiers, techniques, and setups designed for these small powerhouses of light, the book explores how to achieve creative results from working with a single flashgun, multiple flashguns, and colored filters, as well as making adjustments with the camera's white-balance settings. The guide lists the tools required for location-portrait photography and discusses different lighting setups—from shooting in direct sunlight

to night and low-light photos—for various location-portrait situations, giving photographers the confidence to make lighting decisions to produce professional results.
