Selected Papers May 15 2021 From the Introduction: “

Marston Morse was born in 1892, so that he was 33 years old when in 1925 his paper Relations between the critical points of a real-valued function of n independent variables appeared in the Transactions of the American Mathematical Society.

Thus Morse grew to maturity just at the time when the subject of Analysis Situs was being shaped by such masters as Poincaré, Veblen, L. E. J. Brouwer, G. D. Birkhoff, Lefschetz and Alexander, and it was Morse's genius and destiny to discover one of the most beautiful and far-reaching relations between this fledgling and Analysis; a relation which is now known as Morse Theory. In retrospect all great ideas take on a certain simplicity and inevitability, partly because they shape the whole subsequent development of the subject. And so to us, today, Morse Theory seems natural and inevitable. This whole flight of ideas was of course acclaimed by the mathematical World...it eventually earned him practically every honor of the mathematical community, over twenty honorary degrees, the National Science Medal, the Legion of Honor of France, ...”

Davis Family Papers Mar 25 2022 One folder of ms. letters, billheads, and legal forms, most related to Ebenezer and Martha Davis of Casco, Me., and their sons, Thomas and William, including Civil War letters. They came in an envelope on which was written "Letters belonging to Mother Davis written in War times./Flora A. Jillson Estate." One of the letters is written from "East Oasis" by E. Davis to his son, and mentions that it is fine lumbering country. Several are written from William to his mother, one possibly from a Civil War camp, and another from Camp Keyes Hospital in Augusta, Me. It is possible that both Ebenezer and his son William both served in the Civil War.

Frau Annika und ihr Papierfräulein: Die Mini me

Zeichenschule Oct 20 2021 Mein kleines Ich Mini me: die

ganz persönliche Art ein Miniatur-Selfie der eigenen Person

zu zeichnen. Die Erfolgsautorin Frau Annika & ihr

Papierfräulein zeigen, wie das kleine Ich gezeichnet und

inszeniert werden kann. Die Grundlage ist eine figürliche

Zeichenschule, die das Wichtigste zu Anatomie, Proportion,

Mimik und Zeichentechniken vermittelt, denn der Reiz eines

Mini mes liegt in der Veränderung der Proportionen. Wichtiger

als die naturgetreue Wiedergabe ist das Finden und

Darstellen von Merkmalen oder Charaktereigenschaften.

Durch das Ausschneiden und Inszenieren wird das Mini me

lebendig und kann stellvertretend für die Person Abenteuer

erleben oder Orte besuchen. Den Ideen sind keine Grenzen

gesetzt. Übungsblätter und Vorlagen, die beim Zeichnen der

liebvollen Figuren helfen, stehen zum Download in der

Digitalen Bibliothek bereit und können ausgedruckt werden.

The Education of an Anti-Imperialist Nov 08 2020 Robert

M. La Follette (1855–1925), the Republican senator from

Wisconsin, is best known as a key architect of American

Progressivism and as a fiery advocate for liberal politics in the

domestic sphere. But "Fighting Bob" did not immediately

come to a progressive stance on foreign affairs. In *The*

Education of an Anti-Imperialist, Richard Drake follows La

Follette's growth as a critic of America's wars and the policies

that led to them. He began his political career with

conventional Republican views of the era on foreign policy, avidly supporting the Spanish-American and Philippine-American Wars. La Follette's critique of empire emerged in 1910, during the first year of the Mexican Revolution, as he began to perceive a Washington–Wall Street alliance in the United States' dealings with Mexico. La Follette subsequently became Congress's foremost critic of Woodrow Wilson, fiercely opposing United States involvement in World War I. Denounced in the American press as the most dangerous man in the country, he became hated and vilified by many but beloved and admired by others. La Follette believed that financial imperialism and its necessary instrument, militarism, caused modern wars. He contended they were twin evils that would have ruinous consequences for the United States and its citizens in the twentieth century and beyond. "An excellent book. . . . As Drake fully documents, La Follette's warnings about [World War I] profiteers and the lust for power were fully justified. Then as now, the American people were lied to by the government and media and manipulated into the stink and blood of war."—Mark Taylor, *The Daily Call* "Scholars will . . . value the insights into La Follette's foreign policy education."—*The Historian*
